PUT US TO THE TEST...

Our aim is to deliver exactly what you need in a professional and friendly way. Quickly, on budget and with minimum disruption.

Our team are on hand to help you through the design stages and pre planning to provide you with a competitive quotation and to deliver your project specification.

"If Total Design had not been involved in the fit out and electrical upgrade, I don't believe we would have got the site open in the timescale we did."

Sam Salisbury, Bradford Building Supplies

ENVIRONMENTAL IMPACT

We are committed to protecting, conserving and enhancing all aspects of the environment over which we have control or can influence. We seek to promote and protect the efficient use of the world's resources without detriment to its inhabitants. We recognise that in our day-to-day operations we inevitably have an impact on the environment, and we wish to minimise the potentially harmful effects whenever possible.

"TDS Electrical carried out the electrical work for our Gift Shop refurbishment. This included rewiring the shop and gallery from the mains board, wiring all equipment and lighting from the ceiling, providing new energy efficient LED track lighting. The attention to detail and tidy approachapplied to all aspects of their work made them a pleasure to work with"

Marwell Zoo, Hampshire

HEALTH & SAFETY

Our dedicated in-house Health and Safety Manager oversee all aspects of health, safety and environmental management within the business. We recognise that in order to achieve high health and safety standards it's important we work closely with our clients and partners and provide any support and education they may require.

"TDS Electrical carried out a comprehensive upgrade to our lighting throughout the warehouse. This was done in a very efficient manner and the TDS team did not interrupt our production whatsoever. All aspects of Health & Safety were taken extremely seriously and the entire project was successfully delivered on time and within budget."

Universal Marine Medical Ltd, Hampshire

GUARANTEED WORK

We guarantee our quality and reliability. Our clients know they can rely on having a complete electrical service delivered exactly to specification on time, within budget and to the highest possible standard.

"I was secure in the knowledge it would be delivered well. With the concept being a new one, it was critical that it was delivered as designed to fulfil the brands vision of the store, which it was.
Close working relationships with the team allowed the project timelines to be flexible when needed but to still deliver when required. A great project delivered to a high standard."

Cotswold Outdoors, Aberdeen

INNOVATIVE DESIGN

When you work with us, you'll also benefit from the expertise, technology & products provided by industry-leading manufacturers Schneider Electrical, Hager, EXCEL Data and lighting specialist Spurlite in helping us delivering a service that supports your project needs and expectations.

"The best lighting ever seen in a mid-sized supermarket"

Southern Co Op
